Our Alliance Partner Caledonia Water Alliance will be carrying out this work on our behalf.

5th May 2025

Taking care of the water supply in your area – Mossfield Avenue

What we are doing

We are currently taking care of the water services in your community by upgrading the water pipes in Oban. Part of these essential works involves the installation of a new water main in Mossfield Avenue from the Football Pitch up towards Glencruitten Road. This section of work which will be split into 3 phases will involve a road closure, parking restrictions and traffic management to be in place (see below and overleaf for details).

When are we doing it

Work in Mossfield Avenue is planned to start from Wednesday 28th May 2025 for approximately 9 weeks (3 weeks for each section).

What happens next

- The works in Mossfield Avenue will be split into 3 phases. **Phase 1** – The football pitch car park to Glencruitten Drive, **Phase 2** – Glencruitten Drive to Mossfield Drive and **Phase 3** – Mossfield Drive to Glencruitten Road (see overleaf for details).
- During Phase 1 (3 weeks) we will require to close this part of Mossfield Avenue to vehicles to allow the work to be carried out safely. During this phase there will be no parking available within this section and no vehicular access to the Football Pitch Car Park.
- 4-way traffic lights will be in place when we cross the junction between Mossfield Avenue and Glencruitten Drive.
- During Phases 2 and 3 (3 weeks each) there will be no on-street parking in each phase, and a one-way system (southbound) put in place. Access to private drives will be maintained where possible (our site team will liaise with any affected customers regards this). Please follow all signs.
- For all phases pedestrian access will be maintained at all times.
- Our contractor AS Utilities will be carrying out this work on our behalf and they will do all they can to keep any disruption to a minimum.
